

“I need CEUs.”

The Federation of State Boards of Physical Therapy (FSBPT) has approved and awarded this course Continuing Competence Units (CCUs). CCUs are accepted by the following state boards and will be translated by them into either CEUs or hours depending on which your state board awards. Please be advised this may not directly correlate with the number of CCUs awarded, nor to the number of contact hours of the actual course. You need to contact your board to understand how the CCU’s will be converted to the “currency” of your board.

The following state boards are part of the FSBPT and accept CCUs:

Alaska
California
District of Columbia
Idaho
Kansas
Minnesota
Montana
North Dakota
South Carolina
Vermont
Wyoming

Arizona
Colorado
Georgia
Illinois
Kentucky
Mississippi
Nebraska
Oregon
Tennessee
Virginia

Arkansas
Delaware
Hawaii
Indiana
Michigan
Missouri
North Carolina
Puerto Rico
Utah
Wisconsin

***Please note this pdf was updated on April 16, 2018. We will make every attempt to update it regularly. For the latest list of state boards that accept the FSBPT approvals, please visit their home page here: <https://pt.fsbpt.net/aPTitude/content/public/FSBPTCertification>

After you have completed the course modules, look for a link “I need a Certificate of Completion” at the bottom of the course page. Click the link to be directed to your post-test. You must score a minimum of 70% on this test in order to receive the certificate of completion. After you have submitted and passed the test, you will be provided with the option to download your certificate of completion. The certificate will indicate the number of course contact hours and approved credits (CCUs) approved by The Federation of State Boards of Physical Therapy (FSBPT). A course self-reflection is provided as well to assist with the application of your learning to clinical practice. Please also complete the course evaluation, as we value your feedback!
